

# *Brookthorpe-with-Whaddon* *a Vision! For the future*

*Did you know? that both Brookthorpe and Whaddon have been in existence for a very long time. In fact they are mentioned in the Domesday Book (1086), under Brostorp: King's Land and Wadune: Durand the Sheriff. That's some heritage! As custodians we surely owe it to our predecessors to build on our inheritance and ensure that we have an influence on the future shape, culture and fabric of this special community in which we are privileged to live!*

*However, you can have an influence on the future of Brookthorpe-with-Whaddon!*

*How? In more ways than you might think is the answer! through attending up and coming events where you can simply make us aware of your aspirations for the future in a fun way, express your concerns, ideas and views on Housing, roads, transport, education, amenities, business development, farming issues etc. What would you like to happen and or change in the future within our Parish? Please come and share your ideas and views!*

*Are you aware? that on a day-to-day basis your Parish Council (all volunteers), work on your behalf as the first tier of local government administering current business, acting on behalf of the community as a whole and when important decisions have to be made set about procuring the views of the community in order to make decisions on its behalf. Sometimes the issues are simple and of little interest to most but at other times controversial and evoke considerable emotions!*
